Texas Master Gardeners are a group of talented and highly trained volunteers with a passion for gardening, help people and communities through horticultural education and best practices.

In-depth horticultural training and hands-on experience are provided by Texas A&M AgriLife Specialists, Program Specialists and Certified Master Gardeners.

Comal Master Gardener Associations is a nonprofit educational association working with the Texas A&M AgriLife Extension service in Comal County. Our purpose is to provide education on the best practices of horticulture and environmental stewardship with a focus on youth education and community service. Additionally, the association maintains demonstration gardens, a Speakers Bureau, an Ask-a-Master-Gardener Helpline, and more.

Become a Texas Master Gardener!
